

Satisfaction Survey

Cooks Connect

Below are suggested questions to use in a satisfaction survey to measure cooks satisfaction of the session and identify areas for improvement.

1. The cooks network session and discussion topics were relevant to my role.
Scale: strongly agree, agree, disagree, strongly disagree
2. Overall, I am satisfied with the *(cooks network and/or specific agenda items)*.
Scale: Very satisfied, satisfied, unsatisfied, very unsatisfied
3. Out of the following elements of the cooks network, what would you like to have more of (increase), less of (decrease) or the same of in the next cooks network session?

Key Tip

Avoid using a “neutral” category in the Likert scale. Using a “neutral” category does not provide quality evaluation information.

Network elements	Increase	Same	Decrease
